Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:
1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist (reverse side) immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of the call, do not hang up, but from a different phone, call your campus emergency number (see below).

If a bomb threat is received by handwritten note:
• Call your campus emergency number (see below).
• Handle note as minimally as possible.

If a bomb threat is received by email:
• Call your campus emergency number (see below).
• Do not delete the message.

Signs of a suspicious package:
• No return address
• Excessive postage
• Stains
• Strange odor
• Strange sounds
• Unexpected delivery

DO NOT:
• Use two-way radios or cellular phone; radio signals have the potential to detonate a bomb.
• Evacuate the building until police/security arrive and evaluate the threat.
• Activate the fire alarm.
• Touch or move a suspicious package.
